

DISCLOSURES

- This site is for informational purposes only. Chesapeake Investment Group, Inc. does not intend to provide investment advice through this site. This web site is in no way a solicitation or offer to sell investment advisory services except where applicable, in states where we are registered or where an exemption from registration exists.
- All specific investment recommendations are made by Chesapeake Investment Group Advisors only after consideration of the individual client's financial goals, investment objectives and risk tolerance. Diversification does not assure a profit or protect against a loss in declining markets.
- Chesapeake Investment Group does not provide legal or tax advice. Consult your legal or tax advisor before investing.
- Past performance does not guarantee future results. Investment return and principal value will fluctuate, and shares when sold may be worth more or less than the original cost. Average annual returns include changes in share price and reinvestment of dividends and capital gains.
- Unless you are notified to the contrary, the products and services mentioned, including investments in money market funds, are not insured or otherwise protected by the U.S. Government, the Federal Deposit Insurance Corporation (FDIC), the Federal Reserve Board or any other government agency and involve risk, including loss of principal. The past performance of a product or service does not guarantee or predict future performance. Some information provided in this site may be based on facts or information provided by third party sources. While these sources are believed to be very reliable and the information to be true and accurate, Chesapeake Investment Group makes no warranty or representation, express or implied, nor does it accept any liability with respect to the information set forth herein. Distribution hereof does not constitute legal, tax, accounting or other professional advice. Recipient should consult the applicable professional advisers prior to acting on information set forth herein.
- Mutual funds and exchange traded funds used have a variety of investment objectives, risks, charges and expenses. For this and other information about the funds, see your prospectus for complete details. Please read the prospectus carefully before investing. Investors should be aware that mutual fund shares may generally be purchased directly, without participating in the program and paying the Program Fee. However, with the exception of no-load funds, such shares may be subject to front-end or contingent deferred sales charges, and have varying fund expense levels and performance results.
- Investments in international markets can be affected by a host of factors, including political or social conditions, diplomatic relations, limitations or our removal of funds or assets or imposition of (or change in) exchange control or tax regulations in such markets. Additionally, investments denominated in an alternative currency will be subject to changes in exchange rates, which may have an adverse effect on the value, price or income of the investment.
